## PROFILE INFO

Creative web designer specializing in crafting visually stunning and intuitive websites. Proficient in HTML, CSS AND JavaScript. Adept at translating design concepts into functional web interfaces. Committed to delivering high-quality work that exceeds client expectations.

## PROJECTS

### DOG CARE SITE LANDING PAGE USING - HTML/CSS

- Discover personalized care solution for your furry friends. From grooming and boarding to training and vet services.

### E-COMMERSE LANDING PAGE USING - HTML/CSS/BOOTSTRAP

- Designed a visually appealing landing page to showcase, Chair and Table like many more furniture. Incorporated compelling visuals, clear calls to action, and a seamless user experience.

### FORM VALIDATION USING- HTML/CSS/JAVASCRIPT

- Utilized JavaScript to validate various input fields, including required fields, email addresses, numerical values, and custom criteria. Provided real-time feedback to users to guide them towards correct input.
